

**Total Acreage of Watershed - 52,690 acres**  
**Total Acreage of Waterbodies - 108 acres**  
**Total Mileage of Streams - 153 acres**  
 Waterbodies include all lakes, ponds, and river pools.  
 Streams also include the lengths underlying these bodies.

## Lower Osage Creek Management Boundary Physiography and Hydrography

Funding for this project is provided by the Upper White River Basin Foundation  
 Completed as a joint effort by the Arkansas Water Resource Center and Ozarks Environmental and Water Resources Institute, August 2006  
 Principle Investigators: Ralph K. Davis and Bob Pavlovsky  
 Research Assistants: Ty C. Johnson and Gopala Borchelt  
 Cartographer: Ty C. Johnson  
 Source of Data: The 30 meter Digital Elevation Model raster dataset modified to show hillshade is from Center for Advanced Spatial Technologies (CAST). Water data are from the National Hydrologic Dataset. 12-Digit HUCs are from CAST. Tiger road data, 2002 and Political Boundaries are from CAST.
